

imagine

imagine bigger, cleaner, quieter laundry

With the Samsung VRT Steam™ laundry pair, you can finish your laundry faster, cleaner, and quieter than ever. From loading larger loads at once, washing them anytime you want, to reducing pre-washing and refreshing clothes by steam, let the Samsung VRT Steam™ laundry pair help you spend more time doing the things you enjoy.

Able to handle large loads,
life gets a little easier.

Wash a king-size comforter and blanket, or up to 28 bath towels in a single load. Since you don't have to do as many loads, you save time, money, water, and your sanity.

The Capacity For More

Wash a king-size comforter with a blanket together!

28 bath towels at a time!

Samsung WF/DV 448

23 bath towels at a time!

Conventional

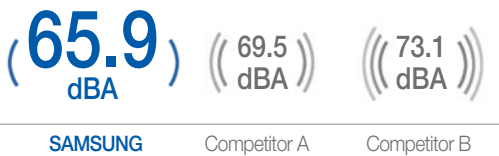

More peace and quiet, equals more quality time with family.

Samsung VRT Steam™ washing machines stand out as the quietest in it's class. With Vibration Reduction Technology to off-set unbalanced loads that commonly occur while doing laundry, there's less vibration and noise. It's so quiet and steady, you can do your laundry even on the second floor while you sleep.

VRT™ (Vibration Reduction Technology)

Noise Performance* Test

In the normal wash cycle, Samsung VRT™ is noticeably quieter than leading competitors' brands. Every reduction of 3 dBA means the sound power is being reduced by half.

*A-weighted sound power level for an unbalanced load at spin cycle.
*Tested by Owens-Corning.

Unbalanced Load Effect Test (at Max Spin)

Samsung VRT™ Technology transmits less than half* the energy to the floor than leading brands, which minimizes vibration - very important for 2nd Floor installations.

*More pounds of "effect" means more vibration.
*Results may vary depending on the test conditions.

Steam delivers more powerful cleaning, and clothes come out wrinkle-free and fresh.

Steam in your washer can help "boost" cleaning performance and loosen soils and dirt providing the cleanest results. In your dryer, steam can relax wrinkles from your clothes and take out odors, freshening up clothes without having to run them through a wash cycle.

VRT™ STEAM

Washer offers

Deep Steam

- Best washing performance
- Saves time & energy

Dryer offers

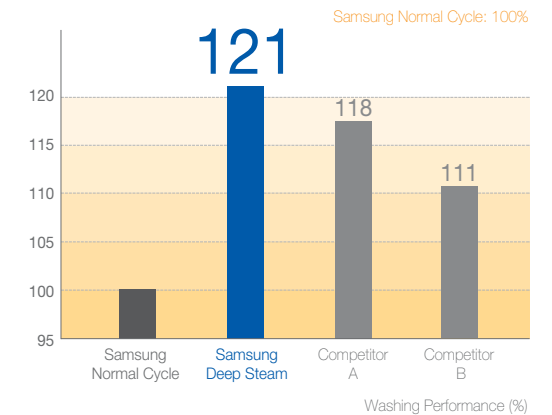

Steam Refresh

- Removes unpleasant odors

Wrinkle Care

- Relaxes wrinkles, reducing frequency of ironing

Competitive Steam Performance Comparison

The ultimate in convenience

With Samsung's unsurpassed technology and attention to your needs, this laundry duo leaves nothing to be desired.

Diamond Drum

Take care of your clothes. The diamond drum's holes are 36% smaller than in a conventional drum, which keeps clothes looking their best by reducing snags.

Silver Care™

Perfect for delicates, colors, special care, Silver Ions combine the power of silver with cold water and detergent to provide. SilverCare Technology also helps remove odors from clothing and the washer itself.

Space Saving

The dryer can be stacked on top of the washer to maximize space. The door on the dryer is reversible to make loading and unloading easy.

LCD Display & Center Jog Dial

Stay in control with the easy-to-read LCD display and select from pre-programmed cycles to take the guesswork out from doing laundry.

Chic Stainless Platinum Design

The premium metallic stainless design blends well with any decor and keeps its sophisticated appearance for years to come.

Deco Stainless Steel Strip

The stainless steel panel complements the platinum design seamlessly integrating with any laundry room decor.

Filter Check

The LED display alerts you to clean the filter before drying performance can be affected.

15" Spacious Pedestal

The pedestals raise the height of the washer and dryer so there's less bending in loading and unloading, while also adding storage space.

Half-Moon Detergent Drawer Handle

Staying true to the concept of ease, the uniquely designed half-moon handle makes filling the detergent drawer a breeze.

Direct Drive Motor

The motor works without belts or gears reducing vibration, making the washer quieter and more durable.

Wide Glass Door

The extra-large door with tempered glass finishes the look of sophistication while making loading and unloading easy.

Stainless Dryer Drum

Large stainless drum is durable, providing a lifetime of use, without rusting or discoloration.

Leaving nothing
to be desired.
